

DELEGATES HELD UP BY WESTERN STORM

Small Attendance at Convention of Building Trades Now Being Held in Capital.

Nearly half of the 140 delegates to the second annual convention of the National Building Trades and Employers' Association of the United States, are storm-bound, and may not reach this city until after the sessions of the convention have been held.

The convention was called to order at 10:30 o'clock today at the Continental Hotel by President John Atkinson, of Philadelphia, but there were many vacant chairs awaiting arrival of the delegates from Chicago, Detroit and other large building centers in the middle West. Secretary L. Herbert Scates, of Baltimore, said the officers of the convention have received no word from the absent delegates, and do not know when to expect them if they arrive.

Addresses of welcome were delivered this morning by Cuno H. Rudolph, in behalf of the citizens of Washington, and by E. C. Graham, president of the Builders' and Manufacturers' Exchange of Washington. The only business which came before the opening session was the appointment of the committees on credentials, resolutions and nominations.

The committees on credentials and communications will report at this afternoon's session, and reports will also be heard from the president, secretary, treasurer, and State commissioners.

A general discussion of the lien laws, a subject regarded as important by the builders, is expected to feature this afternoon's meeting. The convention banquet will be held at the Continental tonight.

The builders expect to wind up their business tomorrow morning, when all unfinished business will be disposed of, officers elected, and a place for the next annual convention determined.

The officers of the convention are: John Atkinson, of Philadelphia, president; John E. Galloway, of Washington, vice president; L. Herbert Scates, of Baltimore, secretary; Alex. E. Pearson, of West Orange, N. J., treasurer.

WOMEN WILL SEE "DAMAGED GOODS"

Many Expected At National Theater When Drama of Vice Is Produced.

When "Damaged Goods," the Brieux drama dealing with the physiological and sociological effects of vice on the future of the race, is produced in this city April 6, women will be present. It is said that 90 per cent of the audience which witnessed the play in New York were women, and it is expected that at least half of the spectators at the production of the play at the National Theater will be women.

Invitations to the Washington performance will be sent Cabinet members, the judiciary, members of Congress, and men and women prominent in the work of the city. As evidence of the wide interest being taken in the presentation of the notable play in Washington, letters of endorsement have been received by the officers of the Society of Social Hygiene, under whose auspices the production is given.

Health Officer Woodward writes: "The sooner the community is made to realize the dangers that threaten the home, the unborn child, and the race through unregulated ill habits, the more marriages, the sooner will a remedy be applied."

Dr. Elmore C. Folger makes the following statement in behalf of the Woman's Clinic:

"The Woman's Clinic has been doing this sort of educational work for two years. It has given talks to several thousand mothers, teachers, and girls on these vital subjects. It prepared the way for other agencies to help in this work in Washington. We rejoiced to have the help of the fifteenth international Congress on Hygiene and Demography. Since then the press of Washington has been lending its columns and a number of the churches their pulpits in the crusade against the social evil."

"And now the stage is to join in this campaign for the protection of womanhood and childhood."

"Damaged Goods" is a wonderful sermon. "I am gratified to know that Brieux's 'Damaged Goods' will shortly be played in Washington," said G. F. Powerman, librarian of the District Library.

Wilson Greets 1,600 in Thirty-five Minutes

President Wilson shook hands with 1,600 persons, nearly all school teachers, in the East Room yesterday afternoon in thirty-five minutes.

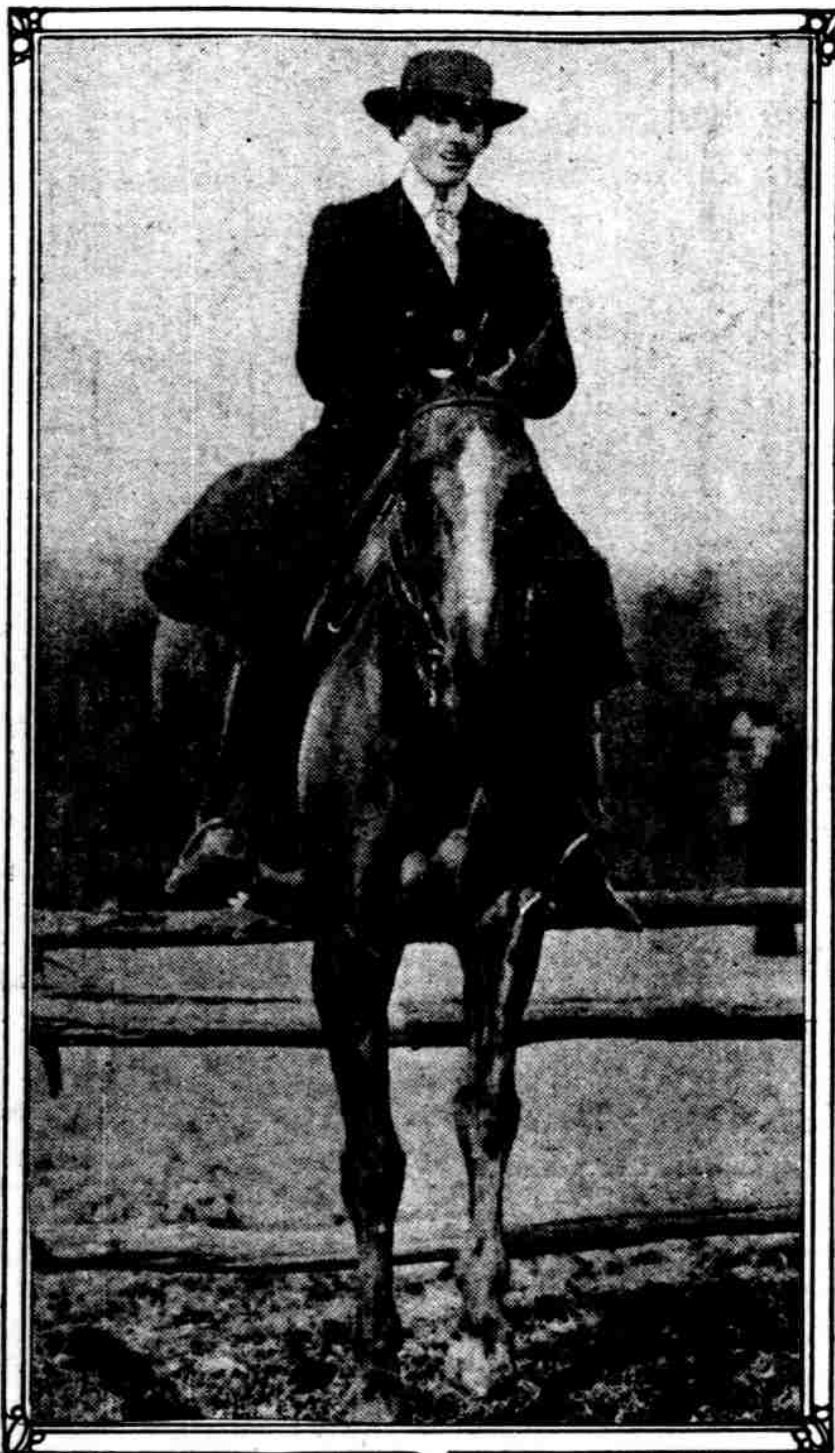

This is at the rate of forty-six a minute. It is a speed and endurance record for the new Executive. East Room receptions have a curious way of exceeding the number the executive expects.

The program yesterday called for no handshakes. It was supposed that this might be increased 50 per cent. The count showed that the number was double that on the schedule.

POPE HAS RELAPSE, SAYS LONDON WIRE

Another Message Declares Head of Roman Catholic Church Has Fully Recovered.

LONDON, March 26.—Pope Pius X has had a relapse and is again confined to his bed, according to a news agency dispatch from Rome, published here today. The report was unconfirmed.

Another dispatch said that the Pope today celebrated his first mass since sickness overtook him on March 8. Prof. Marchisavi, papal physician, was authority for the statement that the Pope has entirely recovered.

DANDRUFF

An Easy Task to Cure It When You Know How.

There are three kinds of dandruff: Good dandruff cures. Bad dandruff cures. And plain liquid junk. The first is good to put on the head; the second is good to keep off the head; and the third is good to flush out the sewer.

The owners of good dandruff cures say our remedy will cure you in two weeks or money back.

The owners of bad dandruff cures guarantee nothing, but spend their money howling fake at the good dandruff cures, which policy they consider is a clever method of enticing the shekels from the unwary.

Parian Sage is a good dandruff cure. It is guaranteed by O'Donnell's Drug Store to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

It kills the dandruff microbes, it promotes a new growth of hair, it makes hair soft and luxuriant, and is without doubt the most pleasant and invigorating hair dressing made today.

To every reader of the Washington Times both man and woman, we want to say these few words.

If you have tried to cure dandruff cures, hair restorers, and have failed to receive any benefit from them, don't give up hope, try Parian Sage.

A large bottle costs 50 cents with a money back guarantee to do as advertised.

Sold at drug stores and toilet goods counters everywhere.—Adv.

SOCIETY IS READY FOR BIG "THRILLS"

Capital Equestriennes Putting Finishing Touches on Musical Drill Program.

Washington's dashing society equestriennes, who will execute musical cavalry drills for the benefit of the Fort Myer Y. M. C. A. on the mounts of the Fifteenth United States Cavalry, Thursday, Friday and Saturday afternoons of this week are being put through their final rehearsal today.

From the advance sale of seats it is predicted that the large galleries of the drill hall at the army post where the exhibitions are to be held will be crowded by society folks.

"Thrills" will be given President Wilson, Vice President Wilson, and others who are expected to attend by Miss Desha Allen, daughter of the former chief of the signal corps of the army, and other society young women who are taking part in the drills. The President and his party will attend the initial drill to be given tomorrow afternoon. He has signified his intention to be at Fort Myer for the exhibition, if he can get away from his duties at the White House.

Miss Desha Allen, who is particularly mentioned as one of those who will entertain by her individual feats, has a reputation which many of her older sisters in the horse game would be proud to share. She and her sister, Jeanette Allen, are the most consistent feminine members of the horse colony in this section. They ride in all the drag and fox hunts and usually lead most of the male members of the hunts over difficult fences and walls.

The Misses Allen can be seen almost any day at the "jumps" in Potomac and Rock Creek Parks.

It is planned during the intermission to have the most expert of the young equestriennes and troopers from the crack regiments of the Cavalry, the Eleventh and Monroe streets northwest at 12 o'clock tonight. This car will be due at Union Station at 12:37 a. m.

The last car by the Center Market route will leave Eleventh and Monroe streets northwest at 12:40 a. m., being due at Ninth and F streets at 12:57 a. m. Anacostia at 1:27 a. m., and Congress Heights at 1:35 a. m.

Following the drill Saturday afternoon the young women who participated in the drills will be the guests at a tea dance to be given in the post assembly hall by the young army officers stationed at the fort.

Reports Traveling Bag Stolen at Union Station

Frederick Goldstrom, of Cumberland, Md., reported to the police of the Sixth precinct today the theft of a traveling bag containing a dress suit, several other articles of wearing apparel and two boxes of candy. The bag was stolen yesterday afternoon from the waiting room at Union Station.

RICHMOND, Va., March 26.—Claude Allen, sentenced to die in the electric chair Friday for his part in the Hillville court tragedy, is prepared to meet death with a clear conscience, he asserts today in a letter to the editor of a Richmond newspaper, thanking this paper for its efforts to save his life.

The epistle concludes thus: "As I can say at the bar of God, so I say to you, that I knew of no conspiracy, and I did not fire the first shot in the court room at Hillville, March 14, 1912."

Besides beautifying the hair at once.

YOUR HAIR IS FLUFFY, BEAUTIFUL AND LUSTROUS IN A FEW MOMENTS

Girls! Get a 25 cent bottle of "Danderine" and try this. Also stops falling hair; destroys dandruff.

Your hair becomes light, wavy, fluffy, abundant, and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine, and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dirt, and excessive oil and in just a few moments you have doubled the beauty of your hair.

Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be "After a few weeks' use when you will actually see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Danderine from any drugstore or toilet counter, and just try it.—Adv.

ELKS TO BE HOSTS AT SOCIAL SESSION

Members of Congress Who Wear the Horns Will Take Part in Program Tonight.

There will be something doing every minute, and then some, when members of Washington Lodge, No. 15, B. P. O. Elks, get together for a social session after the regular meeting tonight. Exalted Ruler Frank A. Kidd said he was unable to give a complete program of events today because none had been made out. None would be made out, he said, but it was expected that Senators and Congressmen who are members of the order would be called upon to show what they could do in the way of extemporaneous speaking, and the singers of songs would be expected to be in good voice.

"There are nineteen Senators and 139 Congressmen members of the Elks here. They have never failed us in an entertainment in their honor, and we do not expect they will on this occasion," said Mr. Kidd. "Just say we're going to have a good time. We shall all be here, and any one stays away he will miss it."

The program is in charge of a committee composed of Edward J. Bradley, Samuel Richards, and George Zurburgh. Refreshments will be provided by a committee headed by August Braher.

The last car by the Center Market route will leave Eleventh and Monroe streets northwest at 12:40 a. m., being due at Ninth and F streets at 12:57 a. m. Anacostia at 1:27 a. m., and Congress Heights at 1:35 a. m.

NEILL'S NAME AGAIN SENT IN BY WILSON

President Names Labor Bureau Man for Place, and Issue Will Be Forced in Senate.

President Wilson today reappointed Charles P. Neill Commissioner of Labor. This is the first reappointment of major importance made by the President.

The act indicates the continuing purpose of keeping Commissioner Neill in his present office. He was nominated immediately after Wilson came into office, but owing to the opposition of Senators Overman and Tillman the appointment was not confirmed.

The objection of Commissioner Neill arises from his reports on labor conditions in the South. These reports were not complimentary in many particulars and the statements made touched a tender spot among Southern statesmen. The issuance of the reappointment will force the question to an issue a second time as soon as Congress convenes. April 7.
